

Electronic Books

To do the search of a book you can do it with a word or a phrase. The advance search allows you to carry out type Y searches for limiting more (refine) your search. You can change it to text, theme, title, author, etc.

An ebrary account allows the user to access the titles he/she has saved in his/her "Library Shelf," to copy, to print, makes notes, etc.

Steps for creating an account:

1. Create a user name and a password. Make sure you choose something that is easy to remember. If the user name you chose is being used, you have to choose another one.
2. Key your name and last name.
3. Key your E-mail address.
4. If you wish to receive updates, select here.
5. Select that you have read the Ebrary terms.
6. Lastly, make a click on "Create new account."
